Metal Fabricating Machinery

Providing Innovative Solutions since 1964!

Our mission at Westbrook is to provide solutions to our customer's needs by providing excellent products, sold by knowledgeable sales people and serviced by trained and attentive service personnel.

The customer is the focus of our business. We strive to establish a relationship that gives them confidence in our ability to efficiently and effectively resolve current and future manufacturing needs. Our goal is to help you, our customer, be as productive as possible by providing the right machines to best suit the job.

VOORTMAN DRILLING SYSTEM
**Machine has under 600 hours!*
Model V600, 40" x 65' Max Beam, 5 Position Tool Changer, 100-1200 RPM, 1.25" Max Drill Dia, Vacon 110 CNC Control, V600 Software, 2007

TURBOBEND CNC FOLDER
Model 61.31, 16 ga x 124", 39.4" Backgauge, System 5000 Controls with 49 Program Storage, 2003

AMADA CNC HYDRAULIC PRESS BRAKE
Model HFB-2204, 242T x 14.5', Down Acting, 148" BH, 7" Stroke, 16.1" Throat, 4 Axis CNC Control, 4 Manual Gauging Fingers, Sect Ram Clamps, 1993

TIMESAVERS 52" HIGH PRODUCTION SERIES ABRASIVE DEBURRING & FINISHING MACHINE
Model 3231-45-044, 3 Heads (belt/40 HP, Brush/25 HP, brush/25 HP), Wet Collector, 2012 *Low Hours!!*

ERCOLINA RING ROLL
Model CE100, 4" x 4" x 1 / 2", 8 Program storage, Universal Tooling, Horiz/Vert, 6 RPM, 2012

FACTORY REFURBISHED TECHNI TECHJET-X2 PREMIER SERIES CNC WATERJET
Model TJ4000-X2, 6' x 12', PAC60, Quantum ESP66, Advanced Nesting Software, Quantum ESP Spare Parts Kit, 587.7 Hrs, Quantum ESP Tools Kit, Price includes installation and training (12 month warranty), 2012

Downstream Production Equipment For the Pipe, Profile, and tubing Industry

PUSH IT, PULL IT, MOVE IT...

For over 50 years, Versa Machinery has been producing Pinch Roll and Caterpillar Puller / Feeder assemblies in a variety of belt widths and traction lengths. The Puller / Feeders can be adapted and built into process machines requiring product movement. Provide your own motor and drive package, or Versa Machinery can configure one for you. Save design time and money by using off-the-shelf Puller / Feeder assemblies.
