PHASE CONVERTERS

Need 3-phase power?

Convert your single-phase utility power into 3-phase power!

A.S.

"..thanks for taking your time to listen and help me with the correction of my phase converter issue!

-your service rocks!"

A.K.

"...I will gladly tell anyone about your products."

M.

"Yours will be the only brand I look at in the future."

Static Converter

For light to moderate loads

Motor loads only

2/3* rated HP output

Simple installation

Immediate delivery from stock

*Refers to wye-wound motors; delta-wound motors run at 50% rated HP. Delta-wound motors are rare in the USA - usually found on Italian and German machines.

Since 1965

Phase-A-Matic, Inc. has been designing and producing reliable phase converters for every need. Let us help get your machinery up and running. Call or go online today.

Phase Converter Advantage:

Phase Converters provide three phase power from single phase lines at a fraction of the installation **and** operating cost of running three phase utility lines to your property.

Phase-A-Matic, Inc. Advantage:

Experienced in phase conversion systems since 1965. We have the right converter for your application, from basic to the most sophisticated of modern machinery, including for high end CNC/PLC and other voltage-sensitive equipment. We keep a continuous stock of most models of converters, including large 75 and 100 HP Rotary Converters. We also supply transformers and custom made converters.

Rotary Converter

FULL power output

Runs heavily loaded applications

Runs all load types; motor, resistive & transformer

Quiet operation

Runs multi-speed machines/motors

Runs multiple motors and load types

Our technical support team is dedicated to

assist you with every aspect of your phase converting needs. We utilize a huge knowledge base of information, expertise and experience to insure your phase conversion success.
