

BELDEN

Precisely what you need.
Precisely when you need it.

Leveler-Strength Custom Precision Universal Joints & Drive Shafts Specifically Designed for the Metal Working Industry

Outperforms Competition

- Increased torque capacity, extended operating life
- High-grade alloy steel; enhanced yoke design and mechanical properties
- Dry-lubricant plating, lubricant-retaining boots or grease fittings for superior performance
- Also available as precision telescoping drive-shaft assemblies

Designed for harsh operating conditions
for metal working applications

Wide range of bore configurations
and outside diameter sizes

Belden's extensive line of Custom Universal Joints and Drive Shaft Assemblies satisfy a broad spectrum of system design requirements in today's complex manufacturing environments. The Belden Universal joint is recognized on the worldwide market as a reliable, high-quality, cost-competitive universal joint. Belden's highly-skilled engineers custom-design and manufacture universal joints capable of handling any application.

CAUFFIEL

3171 North Republic Blvd | Toledo, OH 43615

(P): 1(419) 843-7262

(E): Info@cauffiel.com

**Cauffiel provides the best metal processing equipment and assistance.
International heavy equipment specialists.**

Custom Manufacturing

Cauffiel's detail oriented designers and engineers can produce machinery to custom specifications. Don't settle for "almost," get exactly what you need!

Installation

Good tools need to work well on day one and fit into your production work-flow. Factory installation guarantees a flawless addition to your workforce.

Operator Training

The Operator is the most important piece of the equipment. Proper training ensures safe, effective and efficient use of your new machinery.

OUR PRODUCTS INCLUDE:

- Toll Processing, R&D and Conversion
- Rolling Mill
- Press Feed
- Cut-to-length Line
- Sitting Line
- Edging Line
- Leveler
- Cross Axis Pipe and Tube Straightener
- Service Engineering
- Used Equipment
