

**WHEN GOOD ENOUGH
IS NOT GOOD ENOUGH**

OEMs everywhere are increasingly depending on their supply chains to make more challenging precision components in all types of tough materials, and at a competitive price.

It's a demanding environment. As a solution, many of these shops are installing Mitsui Seiki horizontal and vertical 4- and 5-axis CNC machining centers. Why? Capability. Cost. Reliability. They know they need the most precise machine they can buy. They understand how our hand scraping gets them the absolute best volumetric accuracy. They know our machines are designed and built so well they get more life out of them – typically four times longer than most other brands. Robust construction techniques and materials, along with heavy duty components, provide the rigidity and ruggedness they need – from the first roughing operations to the final finishing cuts. They experience our support organization, and recognize what a difference this makes in maintaining their business. For these shops, it just makes the most profitable sense to buy the best made machine tool to get the best made parts. To compete now and in the challenging years ahead, doesn't it make sense for your shop, too? Invest wisely, and look for low operating costs with high returns. Take a closer look at Mitsui Seiki. Contact us today.

Superior Technical Ceramics, St. Albans, VT

**What are the right parts for our machines?
The valuable ones. Better machines make better parts.**

FACTORY DIRECT SUMMER SPECIAL

All models shipped directly from WI manufacturing plant. Pricing is for single phase. For 3 phase needs, please call to check for additional costs!

Midway Machinery | 616-608-7606

Ellis band saws are available in eight different models using blades from 1/2" to 1 1/4". Our most popular band saws are Model 1600 and Model 1800. The 1600 band saw is a good saw for all general sawing. This band saw can be easily moved to a different job site. If you are looking for a stationary band saw the 1800 band saw is a good option.

Standard features on all Ellis bands saws include:

- Band saw head moves left or right for angle cutting
- One-step conversion from horizontal saw to vertical saw on portable models
- Built-in protractor for fast and accurate selection of angles
- Stock remains in one position for all cuts
- Blade cleaning

Model 1600

10" Round at 90°
8" Pipe at 90°
11" Flat at 90°
6 7/8" Round at 45°
6" Pipe at 45°
7 1/4" Flat at 45°

\$2799

Model 1800

11" Round at 90°
10" Pipe at 90°
14" Flat at 90°
11" H x 10" W at 90°
9" Round at 45°
8" Pipe at 45°
9" Flat at 45°
11" H x 6" W at 45°

\$3199

Model 4000

13 1/2" Round at 90°
12" Pipe at 90°
22" Flat at 90°
13" H x 16" W Tube at 90°
13 1/2" Round at 45°
12" Pipe at 45°
14" Flat at 45°
13" H x 13" W Tube at 45°

\$5499
