*Exceptional Performance at an Unexpected Price*

## LK TC-510 AUTOMATED DRILLING CENTER

The LK TC-510 Automated Drilling Center can be programmed to drill unattended for a specified quantity of parts. The integration process includes programming the TC-510 to accept as many parts as necessary to fill the table handled by the robot. The process includes placing the parts onto a rotary fixture, machining the parts and then having them unloaded back into their respective trays.

**CNC MACHINE + AUTOMATION = THE LK ADVANTAGE**
