

## **PUSH IT, PULL IT, MOVE IT...**

For over 50 years, Versa Machinery has been producing Pinch Roll and Caterpillar Puller / Feeder assemblies in a variety of belt widths and traction lengths. The Puller / Feeders can be adapted and built into process machines that require product movement. Provide your own motor and drive package, or Versa Machinery can configure one for you. Save design time and money by using off-the-shelf Puller / Feeder assemblies.

## **Cincinnati Parts**

### **PARTS For All Manual Milling Machines!**

Arbor Support, Change Gears, Cycle  
Cams, Repair Parts, Dividing heads.  
Reconditioned and Retrofitted  
Machines.

ADVANCED MACHINING SOLUTIONS

**CellCon**  
CELLULAR CONCEPTS

## **One Source for All your Machining Needs**

U.S. Equipment Co. provides engineered Turnkey machine solutions. If you have a machine that requires rebuilding, retooling or modifications, U.S. Equipment Company will bring it up to date, including the design and installation of new electrical, hydraulic and mechanical components. We also buy & sell production machinery and manufacturing lines. Plant liquidations and appraisals are additional services offered by U.S. Equipment Company.

Roto-Flo manufactures new and remanufactured Turnkey Spline and Thread rolling machines. Our Spline & Thread rolling systems are fully integrated machines with the latest programmable controllers and diagnostic systems to produce cold formed splines, grooves, worms and threads.
