

Largest Supplier to the Grinder Industry in the World

Why Buy from GCH Tool Group?

With over 10,000 new grinder parts inventoried in GCH's 300,000-square-foot manufacturing facility and warehouse, including more than 350 standard off-the-shelf assemblies, same-day shipping is nearly always available.

Expertise and Knowledge in Grinding Applications

Whether you need a spare grinder part or component assembly or want to establish or improve a process or simply need advice, the GCH team of grinder experts – from our engineering team to our customer service staff – will partner with you. We listen to our customers and are continuously developing machine upgrades that will improve your processes and increase throughput.

Worldwide Support and International Standards

Whether you manufacture in the Midwest or Malaysia, GCH ships parts and assemblies and provides service to more than 60 countries. The GCH team is available to consult and assist with grinder relocation and set-up and support as your business grows globally. From the European CE mark to the Canadian CSA electrical standards, GCH can design and build a product that will meet the most stringent guidelines.

Grinder Parts & Components

CENTERLESS

- Drive box transmission unit
- Grinding wheel dresser
- Grinding wheelhead assembly (spindles)
- Hydraulic assembly
- Infeed unit
- OEM and custom parts
- Regulating wheel dresser
- Regulating wheel spindle assembly
- Slide stack assembly

DOUBLE DISC GRINDER

- Dressers
- Grinding wheelhead assembly
- In-feed compensation unit
- OEM and custom parts

ID GRINDER

- Dresser
- Feedbox
- Grinding wheelhead assembly (spindles)
- Heald and Bryant boards and drives
- Heald CF Series components
- Hydrostatic slide
- OEM parts and custom parts
- Table and wheelslide assembly
- Table cylinders
- Valve assembly
- Workheads

OD GRINDER

- Dresser
- Grinding wheelhead assembly
- Headstock
- OEM parts and custom parts
- Table assembly
- Table cylinders
- Tailstock
- Valve assembly

SURFACE GRINDER

- Chuck assembly
- Chuck speedbox
- Grinding wheelhead assembly
- OEM and custom parts
- Upper and lower feedbox

THE BEST IN BIG MACHINERY

Since 1983 Shub Machinery has specialized in the procurement and sale of large, heavy-duty, new and used metal working machinery and forging equipment. We have extensive experience dealing in countries all over the globe. Please take a moment to look over some of our completed projects at shubmachinery.com. We greatly value all of our customers and do everything in our power to make the buying and selling experience as smooth as possible. We take pride in our ability to locate some of the largest, late model, high quality machinery on the planet.

Hankook VTC 30/50E CNC Vertical Turning & Milling Machine with Live

Correa Supra 135 CNC Travelling Column Milling & Boring

HNK Model HR-35 CNC Double Heavy Duty Plano Type Machining Center

Shibaura Toshiba TMG 10750 CNC Double Column Heavy Duty Vertical Boring & Tuning Machine

Toshiba MPC-3680E II CNC Double Column Plano Milling Machining Center

We Specialize In:

- ◆ Bending, Rolls
- ◆ Boring Mills, Horizontal / Floor Type
- ◆ Boring Mills, Horizontal / Table Type
- ◆ Boring Mills, Vertical
- ◆ Flanging Equipment

- ◆ Forging Equipment
- ◆ Foundry Equipment
- ◆ Gear Hobbers
- ◆ Lathes, Deep Hole Boring
- ◆ Lathes, Horizontal & Facing
- ◆ Machining Centers / Horizontal
- ◆ Machining Centers / Vertical

- ◆ Mills / Bridge & Planer Type
- ◆ Presses
- ◆ Rotary Tables & Misc. Tooling
- ◆ Tube / Pipe / Bar Machining
