Purchased assets of Tree Machine in April, 2009:

Tree Mill parts, wiring prints and operation manuals available

CNC Retrofits - Boring Mills (80+)

Grinders, Lathes, Routers, Machining Centers, Rotary Tables
Sales and Service of Mitsubishi PLC and CNC Controls

CNC Custom Machines

PC2100 support and hard drive repair

Laser Calibration

Renishaw Ball Bar analysis

ZF Gearbox conversions

Heidenhain and Fagor Scales

Custom Jog Boxes and machine operation panels

Pushbuttons and BCD switches

Replacement Handwheels (5volt and 12volt)

Examples of Recently Completed Retrofits:

PROVIDING TURN-KEY SOLUTIONS FOR PLANT PROJECTS

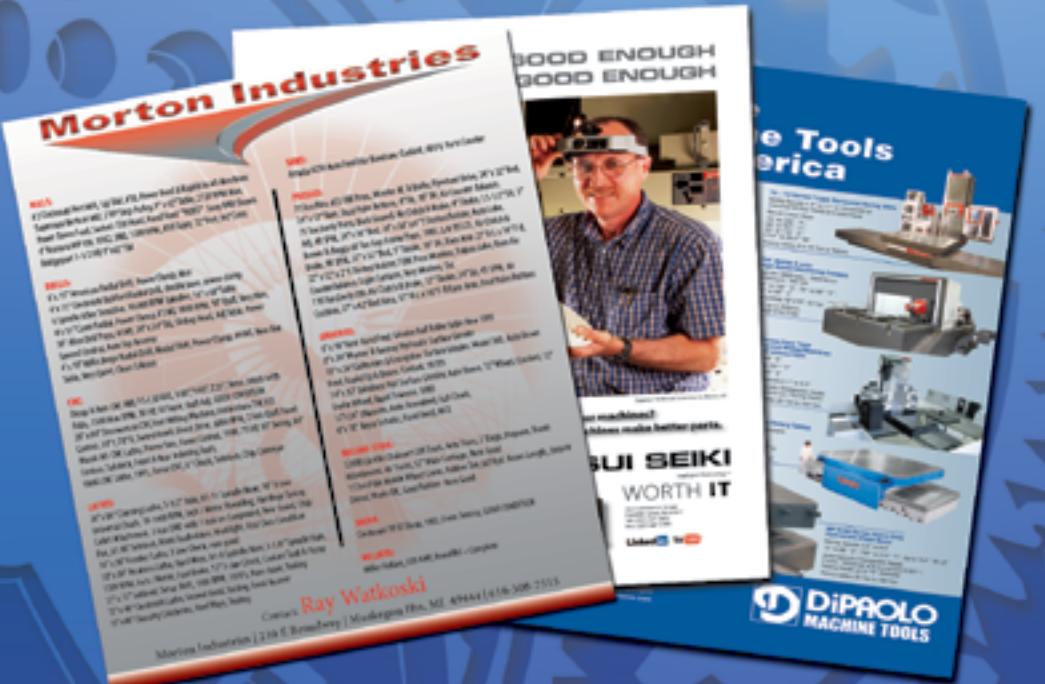

INDUSTRIAL TIMES

Serving The Midwest's Industrial Metalworking Community

Welcome to the Revolution!

Industrial Times was created to give a reliable and cost effective media to companies looking to advertise goods and services to the Metalworking Community in the Midwest. Our magazine is published Monthly. We have a database of app. 28,000 decision makers in the metalworking fields throughout MI, IN, IL, WI, OH. If you ever have a need to advertise, we would love to accommodate. We have developed a FAIR PRICING GUARANTEE, which basically means we don't dicker, our prices are extremely fair, but firm. You always get the best rate possible! We are developing our online presence, and invite you to go and check it out at www.industrialtimesinc.com. You will find one of the best auction calendars in the industry, updated daily, and again dedicated to metalworking auctions only. In the coming months we will be adding some exciting things to the website as well! Please contact us at any time with suggestions to improve our publication or website!

WHEN GOOD ENOUGH IS NOT GOOD ENOUGH

OEMs everywhere are increasingly depending on their supply chains to make more challenging precision components in all types of tough materials, and at a competitive price.

It's a demanding environment. As a solution, many of these shops are installing Mitsui Seiki horizontal and vertical 4- and 5-axis CNC machining centers. Why? Capability. Cost. Reliability. They know they need the most precise machine they can buy. They understand how our hand scraping gets them the absolute best volumetric accuracy. They know our machines are designed and built so well they get more life out of them – typically four times longer than most other brands. Robust construction techniques and materials, along with heavy duty components, provide the rigidity and ruggedness they need – from the first roughing operations to the final finishing cuts. They experience our support organization, and recognize what a difference this makes in maintaining their business. For these shops, it just makes the most profitable sense to buy the best made machine tool to get the best made parts. To compete now and in the challenging years ahead, doesn't it make sense for your shop, too? Invest wisely, and look for low operating costs with high returns. Take a closer look at Mitsui Seiki. Contact us today.

Superior Technical Ceramics, St. Albans, VT

**What are the right parts for our machines?
The valuable ones. Better machines make better parts.**

L.K. MACHINERY, INC.

Exceptional Performance at an Unexpected Price

LK TC-510 AUTOMATED DRILLING CENTER

The LK TC-510 Automated Drilling Center can be programmed to drill unattended for a specified quantity of parts. The integration process includes programming the TC-510 to accept as many parts as necessary to fill the table handled by the robot. The process includes placing the parts onto a rotary fixture, machining the parts and then having them unloaded back into their respective trays.

CNC MACHINE + AUTOMATION = THE LK ADVANTAGE

Do you need replacement parts?

Action Machinery offers a complete line of parts for all the machines we sell. We also carry a full lineup of machine tool accessories. Call us today and we'll get your parts shipped out promptly to your location, or we will gladly schedule one of our service technicians to install the parts for you.

Do you have a machine that needs to be serviced?

Need service on your manual or CNC machine? Give us a call and we'll dispatch one of our highly-trained machine technicians to your location.

Upon arrival, our technician will work quickly to diagnose the issue and get you back up and running in the shortest time possible.

FACTORY DIRECT SUMMER SPECIAL

All models shipped directly from WI manufacturing plant. Pricing is for single phase. For 3 phase needs, please call to check for additional costs!

Midway Machinery | 616-608-7606

Ellis band saws are available in eight different models using blades from 1/2" to 1 1/4". Our most popular band saws are Model 1600 and Model 1800. The 1600 band saw is a good saw for all general sawing. This band saw can be easily moved to a different job site. If you are looking for a stationary band saw the 1800 band saw is a good option.

Standard features on all Ellis bands saws include:

- Band saw head moves left or right for angle cutting
- One-step conversion from horizontal saw to vertical saw on portable models
- Built-in protractor for fast and accurate selection of angles
- Stock remains in one position for all cuts
- Blade cleaning

Model 1600

10" Round at 90°
 8" Pipe at 90°
 11" Flat at 90°
 6 7/8" Round at 45°
 6" Pipe at 45°

Downstream Production Equipment For the Pipe, Profile, and tubing Industry

PUSH IT, PULL IT, MOVE IT...

For over 50 years, Versa Machinery has been producing Pinch Roll and Caterpillar Puller / Feeder assemblies in a variety of belt widths and traction lengths. The Puller / Feeders can be adapted and built into process machines that require product movement. Provide your own motor and drive package, or Versa Machinery can configure one for you. Save design time and money by using off-the-shelf Puller / Feeder assemblies.
